

# Video Generation for Beginners

Create Professional Videos for FREE Using AI

**No Editing Skills?**  
**Koi baat nahi!**

A Mini-Guide for Absolute Beginners

# What is AI Video Generation?

## The Definition

Think of AI Video Gen like a magic robot. You type text, and it makes a video for you from scratch. It studies millions of videos to learn how to create new ones instantly.

### Save Time

Ghanto ka kaam minutes mein  
(Hours of work in minutes).

### Save Money

No expensive camera or studio needed.

## Real Examples

- Faceless YouTube Channels
- Instagram Motivational Reels

# What You Need to Start (**FREE**)

**Device:** Basic Laptop or even a Smartphone.

**Internet:** Standard connection.

**Skills:** Zero. Agar type kar sakte ho, toh video bana sakte ho.

**Budget:** ₹0 (We only use Free Tools).

# Best Free AI Video Tools

## InVideo AI

Best for YouTube explainers  
(Text-to-Video).

## Canva AI

Best for social media posts &  
simple animations.

## Runway ML

Magic for cinematic clips  
(Advanced but cool).

## Pictory

Great for turning blogs/text  
into video summaries.

**Beginner Tip:** Start with InVideo or Canva first!

# Step-by-Step: Text to Video

- 1. Socho** (Think) of a creative idea.
- 2. Write** a simple text prompt.
- 3. Paste** text into the AI tool.
- 4. Select Style** (Cartoon, Realistic, Anime).
- 5. Click Generate** and wait for magic.

**Result: Download & Share!**

# How to Write a Good Prompt

**The Formula:**  
Subject + Action +  
Style + Lighting

## Bad Prompt

✗ "A cat." (Too simple)

## Good Prompt

✓ "A cute fluffy cat wearing sunglasses, sitting on a beach, sunset lighting, cinematic 4k."

**Secret Tip:** Be specific! Jitna clear bologe, utna accha result milega.

# Add Voice, Music & Subtitles

**AI Voice:** Use ElevenLabs for realistic voices.  
Apni awaaz record karne ki zarurat nahi.

**Music:** Use YouTube Audio Library (Safe & Free).

**Subtitles:** Use CapCut or Veed.io for auto-captions.

**Viral Tip:**  
Videos with subtitles get 80% more views!

# Where to Use AI Videos?

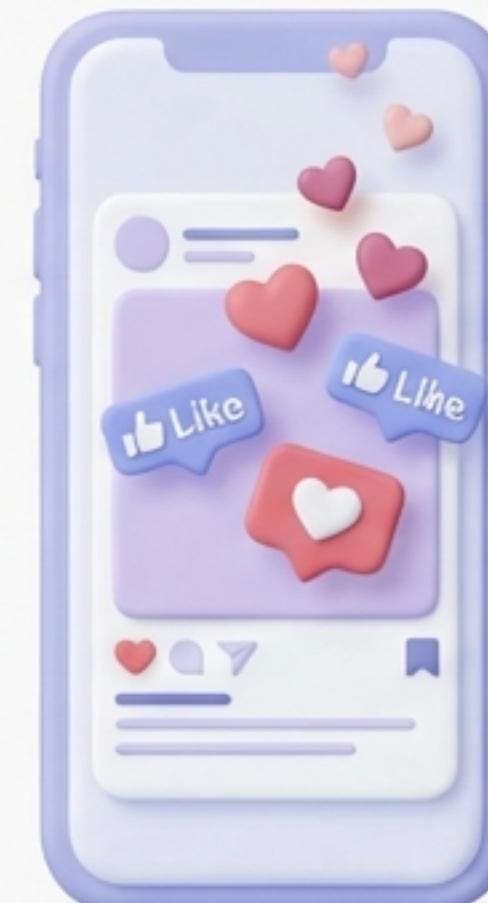

**YouTube Shorts:**  
Earn ad money.

**Freelancing:**  
Sell on Fiverr/Upwork.

**Affiliate Marketing:**  
Product reviews.

**Instagram Reels:**  
Grow followers.

**College Projects:**  
Impress teachers.

# Final Tips & Motivation

## 1. Start Small:

Don't wait for perfection.

**Pehla video banao.**

## 2. Consistency:

Daily practice makes you better.

## 3. Stay Updated:

AI changes fast, keep learning.

**The best time to start is NOW. All the best!**
